## SEASON 5, ISSUE 5

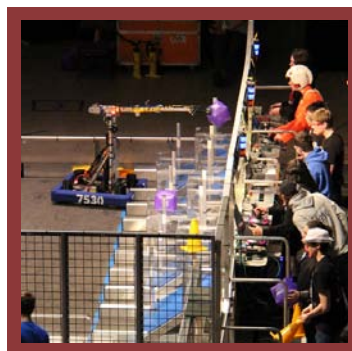

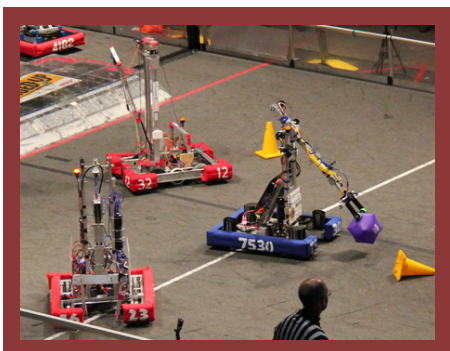

~ WE ARE HEADED TO STATE ~

We are excited to announce that we qualified for the Minnesota State High School League's State Robotics Competition! We placed in the top 36 teams in the state to earn this honor, out of 190 teams. This is the first time in our team's history that we qualified for state!

The [State Competition](#) will be held at Williams Arena on the University of Minnesota Twin Cities campus on Saturday, May 6, 2023. The qualification matches will begin at 8:30am.

## ~ SPONSOR OPEN HOUSE ~

We enjoyed hosting our first Sponsor Open House that was held on Saturday, March 18th at Watertown-Mayer High School. It was nice to thank supporters of our team in person. We held robot demonstrations, played videos of our regional competition matches, gave tours of our robotics room and answered questions about our robot and our robotics program. We plan on hosting this event again next season.
